## **MOCON's LIPPKE DIVISION BREAKS GROUND FOR NEW HEADQUARTERS BUILDING**

**Minneapolis, MN** (March 13, 2008) —MOCON, Inc. (Nasdaq: MOCO), a leading manufacturer of instrumentation equipment, announces that its Lippke division, recently broke ground for a new headquarters building in Neuwied, Germany.

The new 8,400 square foot structure will be located within a mile of the present facility and will have 50 percent more space. It will house office, laboratory and warehousing functions.

“We expect to move into our new headquarters in September,” says Franz Sturm, managing director, Lippke. “The additional space and modern structural features will help us better serve our customer’s needs.”

In addition to representing MOCON’s instrumentation products to the European market, Lippke also markets testing equipment worldwide under its own, well-established brand. The company is known for its blister and leak/seal strength testing units, among others.

MOCON is a leading provider of instrumentation and consulting and laboratory services to medical, pharmaceutical, food and other industries worldwide. See [www.mocon.com](http://www.mocon.com) for more information.

This press release contains forward-looking statements that involve a number of risks and uncertainties. Important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include but are not limited to: uncertainties relating to competition and technological change, setbacks in product development program, slower-than-anticipated customer acceptance of new products, dependence on certain key industries, risk associated with the Company’s acquisition strategy and international operations, and other factors set forth in the Company’s filing with the Securities and Exchange Commission.
